USC TROJAN FAMILY WEEKEND
Thursday, October 11 to Sunday, October 14, 2018
Welcome! This weekend inspires us to celebrate all that this great university has to offer.

I encourage family and friends to reconnect with their students and with each other. I know many of you are also returning alumni, and this weekend is your chance to reignite the pride that comes from being a Trojan.

For our new family members, this weekend is an opportunity to become more involved in the life of this university. Our newest Trojans see your presence here as a wonderful sign of support and as an investment in their futures.

Throughout life, our connections with others are moments to be cherished. That is what this weekend is all about, and that is the spirit of the Trojan Family.

I hope to meet many of you during your time here. Fight On!

Sincerely,

WANDA M. AUSTIN
Interim President

Welcome to Trojan Family Weekend!

The next few days will give you a sense of what life is like for our students. You will sit in on their classes, see where they live and meet their new friends. This will give you a taste of the many opportunities that make the USC student experience so distinct.

In helping to shape that experience, my team in Student Affairs works hard to nourish students’ minds, encouraging their health and wellness, while creating a sense of community and belonging.

Throughout this weekend, I encourage you to say hello to those you meet on campus. You are our partners. We believe that informed and engaged families give critical support to students as they build successful college careers.

Enjoy this special weekend. Thank you again for supporting your student.

Fight On!

Sincerely,

AINSLEY CARRY
Vice President for Student Affairs
